Apply for new style ESA v5

Design notes for the 5th iteration of the Apply for new style ESA prototype.

Q. Start screen - start
Split out the information in bullets and updated content after the Start Application button

Q. Work question - work
Split out the questions so that the paid work and voluntary work have separate question flows

Q. Are you working at the moment - worksick
Added a new question asking if they applicant is working or 'off sick'

Q. When did your job start - work-start-date
Added a new question to record the employment start date

Q. Are you self-employed - work-self-emp
Added a new question to capture if the applicant is SElf-employed

Q. Are you a company director - work-director
Added a new question to capture if the applicant is a director of a company

Q. Employment details - work-emp-details
Added an input field to capture the contact number for the Employer

Q. How often are you paid - payfrequency
Added inputs to the data capture to record the amount they are paid

Q. Do you get paid for any expenses - expenses
Added a new question to capture if the applicant is paid any expenses from work

Q. What are the expenses for and how much do you get - expenses-details
New screen to capture the detail for any expenses declared previously

Q. Are you getting payments from an employer - employerpayments
Removed this question

Q. Do you do any voluntary or unpaid work - voluntary-work
Split this question out from the old style work question in v4

Q. Do you get paid from a pension scheme - pension
Content change adding types of pension to consider

Q. Consent to request more information - consent
Content change to the consent

Q. Do you have a mobile number - telephone
Content change so that the question asks specifically for a mobile number

Q. Done (What happens next) - done
Content change to explain the claim process, the application is only the first part. Added contact to right panel for testing as users asked where the number was
